"SHOW TIME 1958"

Presented by

CAPITAL CITY FIGURE SKATING CLUB

Sanctioned by U.S.F.S.A.

About Our Director

Harlan Bennett, a lifetime resident of Sacramento, is an amateur figure skater and a long-time member of Capital City Figure Skating Club. He is a past president of the Club, a High Test Judge of figure skating, and a winner of numerous junior and senior figure skating competitions awards of a few years ago.

Now a young business executive in Sacramento, he contributes his time and talents in directing the Club's skating shows in the interest of advancing amateur figure skating.

About Our Club

Now in its seventeenth year, Capital City Figure Skating Club carries on an active program devoted to Sacramentans – young and old – who are interested in figure skating.

As a member club of the National association, our club bases its activities on the standards of amateur figure skating prescribed by the United States Figure Skating Association and the International Skating Union. We take pride that this year some of our most advanced skaters represented the Club in State, Pacific Coast, and National Figure Skating Competitions.

Probably of greatest interest is the fact that the Club is predominantly a youth organization. More than three-quarters of our members are juniors under 16 years of age. We who take part in directing the activities of the Club are rewarded by the opportunity of watching these youngsters develop the qualities that accompany this wholesome activity – figure skating.

Bob Hubbard
Skating Instructor

The Club And Its Work

Throughout the year – but principally during the school months, September to June – the Club conducts a series of skating sessions for its members of various ages. These are necessarily held before, between or after the rink's public sessions. Saturday and after-school hours are predominant since the large majority of our members are of school age.

The Club engages a professional teacher to provide group instruction for the beginners and other members of the younger age groups. However, a large part of the work is carried on by adult members who serve as volunteer assisttants. These include test judges, and senior members who give general assistance in instruction or management of the various sessions.

We have eight qualified figure test judges: Harlan Bennett, Harrison Slawson, Bill Smythe, Marjorie Johnson, Bob McCormick, Curt Lewis, Paul Raine, and Elaine Pierce; and two dance test judges – Walter and Clara Walton.

Among the many who assist in conducting the various sessions are Mrs. Lela Silvey, Lucille Snyder, Roy Wiegand, and Clara Walton. The strength of the Club is found in the volunteer work of these and many others of the senior members.
